

Pension data available online also for pensioners living abroad

[Varma.fi](#) > Private customer

Varma's eServices for pensioners are also available to you if you live abroad, provided that you have personal Finnish banking codes or a mobile certificate required for logging in to our service. Access to the eServices is activated once the payment of your pension or rehabilitation allowance starts.

You can choose from two optional routes to log in to your pension data on our open website:

- through the eServices menu on the Private customer front page or
- via the Pensioner page.

By using our online services, you will always be up to date on your pension

On our eServices, you can check the amount and payment date of your next pension or rehabilitation allowance any time. You can also view a breakdown of the payments that have been made to you during the previous 12 months.

Report your new address and account number on our eServices

If you are living abroad, it is important for you to inform us of your change of address, because not nearly all countries automatically provide us with foreign address information. You can report your new address and other contact details conveniently on our eServices. You can also change the account into which we pay your pension, whether it is a Finnish or foreign account number.

Confirm your residence report annually online

If you are living abroad permanently, you must annually confirm to us your information using the residence report, in order for you to continue receiving pension payments

from us. We will send you a residence report only if we do not automatically receive your information from authorities. If we send you a residence report to fill out in December, you can speed up the handling of the residence report by confirming your information on our eServices. If your address has changed, please notify us of your new address.

Print out your pension certificate quickly online

Through our eServices, you can quickly print out a certificate stating the amount of your monthly pension, as well as the pension payments that have been made in the current or previous year, if you need a pension certificate for the tax or social welfare authorities.

Need help in using the eServices?

Once you have logged in to the pensioner's services, you will get additional instructions by clicking the  icons. And feel free to contact us if you require personal support and advice in using the eServices.
