# Corporate Governance

Varma’s central executive bodies are the Annual General Meeting, the Supervisory Board, the Board of Directors and the President and CEO.

Varma’s governance is based on the Finnish Act on Earnings-Related Pension Insurance Companies. Varma also complies with the applicable provisions of the Finnish Corporate Governance Code.

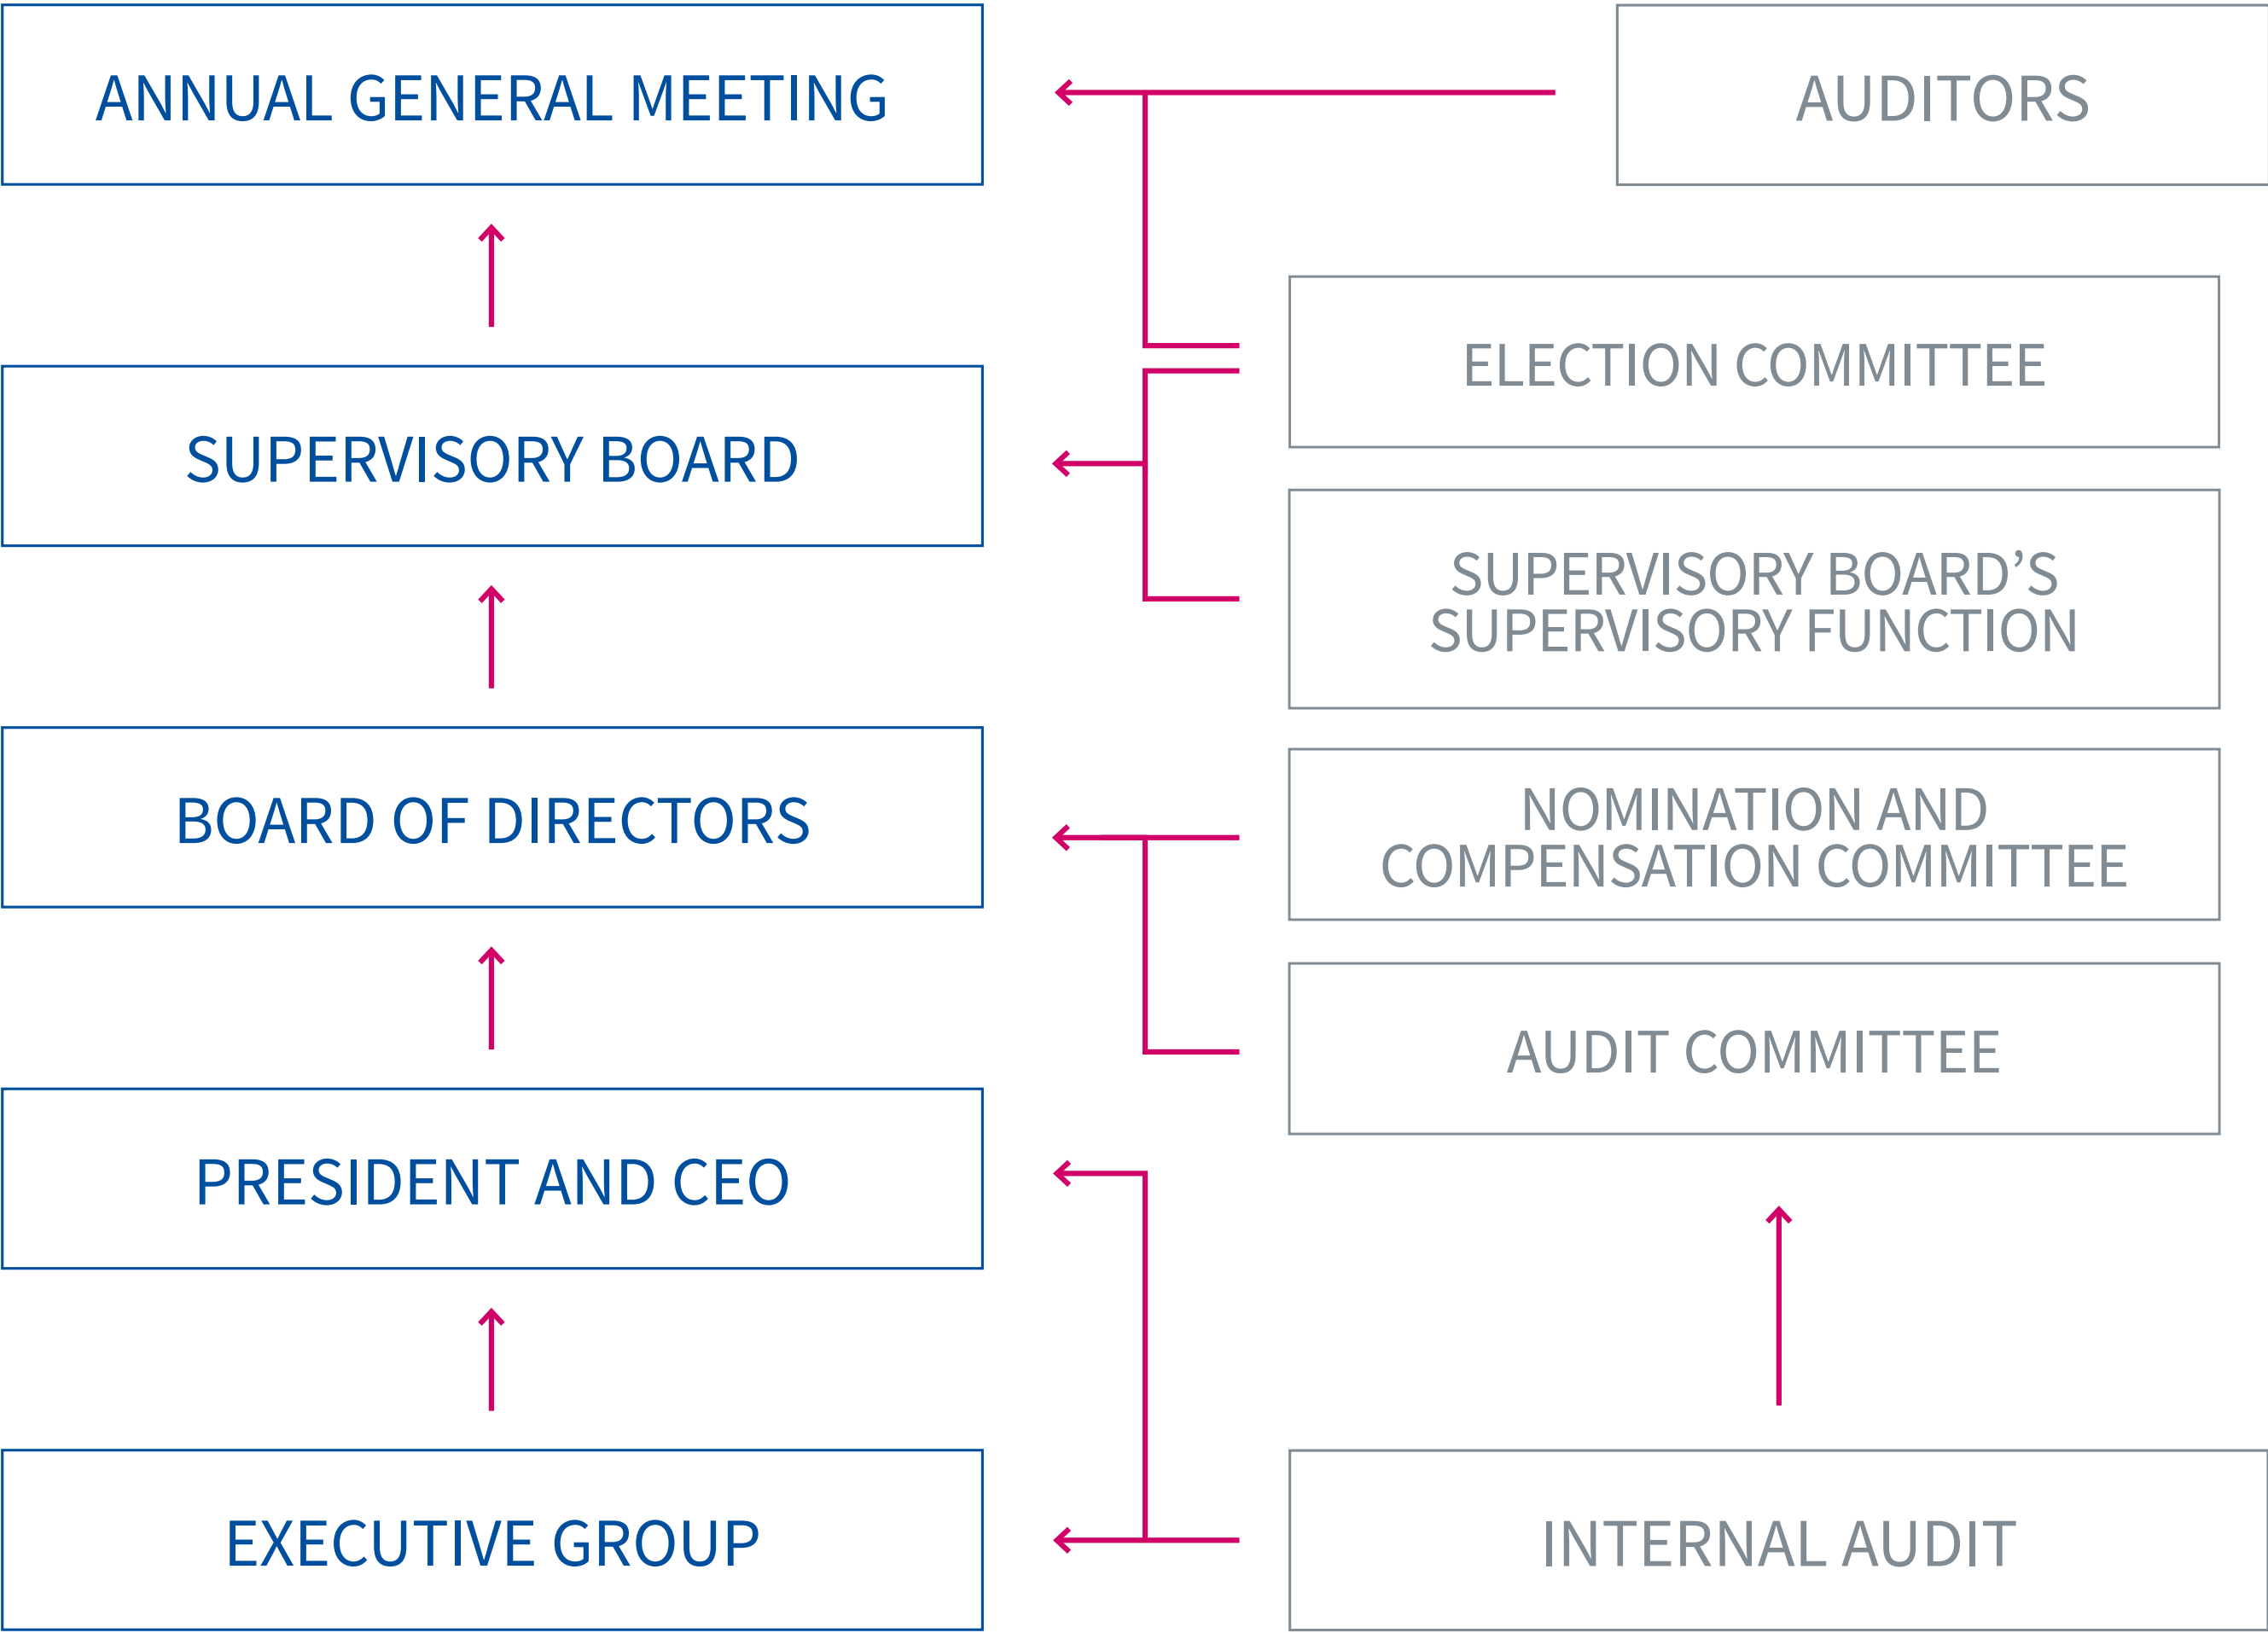

The starting point for Varma’s corporate governance is the company’s core task, that of securing pensions. The statutory earnings-related pension scheme was created by an agreement concluded between the government and labour market organisations, and the tripartite model still plays a key role in the development of the system. Labour market organisations also participate in the administration of earnings-related pension companies.

A key objective is to ensure the transparency of the company’s operations and administration, which in turn will contribute to strengthening public confidence in the earnings-related pension scheme.

Good governance is also part of the sustainability of Varma’s operations.

## Corporate governance structure

# Corporate Governance Report

Varma's corporate governance system is based on the Finnish Act on Earnings-Related Pension Insurance Companies. This report is drawn up pursuant to Finnish Corporate Governance Code 2020 as applicable to the operations of earnings-related pension insurance companies. The report is published separately from the company's Report of the Board of Directors. Deviations from the Code are presented below. The Code is available on the Securities Market Association's website. This report describes the situation on 31 December 2022.

## Deviations from the Finnish Corporate Governance Code

The following is a summary of the deviations from the recommendations of the Finnish Corporate Governance Code at Varma.

- Recommendations 1, 3 and 5 – Election of the Board of Directors: Varma deviates from the recommendation as, under the Act on Earnings-Related Pension Insurance Companies, the Annual General Meeting elects the members of the earnings-related pension company's Supervisory Board, which in turn appoints all members of the earnings-related pension insurance company's Board of Directors.
- Recommendation 6 – Term of Office of the Board of Directors: The term of office of the members of Varma's Board of Directors deviates from the recommended one year. Under the Articles of Association,

the term of each member lasts three years, such that the terms of four members expire each year.

- Recommendations 10, 16, 17 and 18 – Number of independent Board and Committee members: The composition of Varma's Board of Directors and its committees is assessed on the basis of the Finnish Act on Earnings-Related Pension Insurance Companies. Therefore at least half of the Board members are elected on the proposal of the labour market central organisations. Since Varma is a mutual earnings-related pension insurance company, other members are persons who belong to the operative management of its client companies. The members of the Board of Directors' committees are elected from among the Board members.
- Recommendation 22 – Decision-Making Relating to Remuneration: according to the Finnish Act on Earnings-Related Pension Insurance Companies, the Supervisory Board is responsible for decision-making relating to the remuneration of the Board of Directors and its committees.

## Annual General Meeting

At Varma, the supreme power of decision is exercised in the General Meeting by the shareholders, who are:

- policyholders with a valid insurance contract with Varma pursuant to the legislation concerning employees' pensions,
- self-employed persons with a valid insurance contract with Varma pursuant to the legislation concerning self-employed persons' pensions,
- those persons jointly insured under one insurance policy who are covered by basic insurance valid with Varma pursuant to the legislation concerning employees' pensions.

The number of votes that a shareholder can exercise in the General Meeting is based on paid insurance contributions as specified in the Articles of Association. The Annual General Meeting shall be held annually before the end of May.

An Extraordinary General Meeting shall be held when the Board of Directors or the Supervisory Board considers it necessary, or when it must be held pursuant to the Insurance Companies Act. According to the Articles of Association, the Annual General Meeting shall confirm the Financial Statements and the Consolidated Financial Statements and decide on the disposal of profit, on discharging the responsible persons from liability and on the remuneration payable to the members of the Supervisory Board and the Auditors. The Annual General Meeting shall elect the members of the Supervisory Board and the Auditor and, if necessary, Deputy Auditor.

## Supervisory Board

As laid down in the Finnish Act on Earnings-Related Pension Insurance Companies, Varma has a Supervisory Board that oversees the administration of the company by the Board of Directors and the CEO. In addition to this, the Supervisory Board:

- elects the members and deputy members of the Board of Directors,
- approves the remuneration of the Board of Directors' members, and
- appoints the Election Committee from among its own members or from the members of the Board of Directors.

The 32 members of the Supervisory Board are elected by the Annual General Meeting. Under the Articles of Association, the Annual General Meeting elects

- seven members from among candidates put forward by major employer organisations,
- eleven members from among candidates put forward by major employee organisations and
- fourteen other members. Each member is elected for a term of three years, so that each year the terms of a maximum of eleven members expire.

The Supervisory Board elects the Chair and the Deputy Chairs from among its members each year. Under the Act on Earnings-Related Pension Insurance Companies, one of them must be elected on the proposal of the members representing the insured.

The eligibility criteria concerning the members of the Supervisory Board are laid down in the Act on Earnings-Related Pension Insurance Companies.

In order to fulfil its supervisory task, the Supervisory Board has established a supervisory function in which the presiding officers and four members of the Supervisory Board, the presiding officers of the Board of Directors and the CEO discuss current issues in the company and the earnings-related pension system.

## **Election Committee**

The Supervisory Board appoints the Election Committee from among its members or from the members of the Board of Directors. Under the Finnish Act on Earnings-Related Pension Insurance Companies, the Chair or the Deputy Chair of the Committee must be elected on the proposal of the Supervisory Board members representing the insured. In addition to the Chair and the Deputy Chair, Varma's Election Committee also has four other members, of whom

- two are elected on the proposal of the Supervisory Board members representing the policyholders, and
- two are elected on the proposal of the Supervisory Board members representing the insured.

Chair of the Supervisory Board Christoph Vitzthum acted as the Chair of the Election Committee, and Deputy Chair of the Supervisory Board Petri Vanhala acted as the Deputy Chair of the Election Committee. Of the members, Antti Palola (Deputy Chair of the Board of Directors), Pekka Piispanen (member of the Board of Directors) and Petri Vanhala represented the insured, while Chair Christoph Vitzthum, Jaakko Eskola (Chair of the Board of Directors) and Risto Penttinen (Deputy Chair of the Board of Directors) represented the policyholders in 2022.

The Election Committee submits a proposal to the Annual General Meeting on the election of Supervisory Board members and on the members' remunerations, and submits a similar proposal to the Supervisory Board concerning the members of the Board of Directors.

The Supervisory Board convened three times in 2022, and the average attendance rate of the members was 91.4 per cent.

## Composition and duties of the Board of Directors

The task of the Board of Directors is to see to Varma's administration and the appropriate organisation of its operations. Under the Finnish Act on Earnings-Related Pension Insurance Companies, the Board of Directors shall manage the company in a professional manner, in accordance with sound and prudent business principles and sound governance principles, draw up an investment plan on the investment of the company's assets, and perform together with the executive management a risk and solvency assessment as part of strategic decision-making and risk management.

In accordance with the Act on Earnings-Related Pension Insurance Companies and by virtue of its own charter, the Board approves the description of Varma's corporate governance system and the continuity plan, as well as the operating principles for internal control, the risk management system, the arrangement of internal auditing, the identification and prevention of conflicts of interest, employee rewards, the outsourcing of functions and the ownership policy. The Board of Directors evaluates the corporate governance system, written operating principles and continuity plan on an annual basis.

The Board of Directors appoints and dismisses the President and CEO.

In accordance with its charter, the Board of Directors also:

- appoints the directors that report directly to the CEO,
- decides on the terms of employment and remuneration systems for the CEO and members of the Executive Group,
- appoints, if necessary, a deputy CEO,
- appoints an actuary and senior physician,
- evaluates the activities of the CEO, the deputy

CEO and the directors who report directly to the CEO, and the management resources and their adequacy,

- approves the basic organisation of the company and composition of the Executive Group,
- arranges the company's administration such that the Board of Directors is able to efficiently and independently monitor the President and CEO, other executive management and the rest of the organisation
- ensures that the company has a corporate governance system in place in which the areas of responsibility are defined and which enables compliance with healthy and prudent business principles in the operations,
- decides on personnel compensation systems,
- approves the company's values,
- decides on the strategic targets and overall strategy,
- approves the operating expenses budget,
- exercises the supreme power of decision related to investment operations, approves the powers of decision in investment operations,
- draws up an investment plan and follows up on its implementation,
- carries out, together with the executive management, a risk and solvency assessment as part of strategic decision-making and risk management, and keeps the assessment updated,
- approves the financial statements, signs the financial statement documents and sees to it that control of the company's accounting and financial affairs is appropriately arranged,
- oversees the arrangement and organisation of internal control at all organisational and operational levels, and annually assesses whether the company's internal control is arranged appropriately and, if necessary, initiates corrective measures,

- decides on compliance operations,
- decides on the client bonus policy,
- decides on both incoming and outgoing insurance portfolio transfers (company pension fund transfers)
- decides on the company's calculation bases applications,
- appoints the members of the consultative committees and approves the rules and remuneration for the committees,
- decides on the authorisations to sign for the company,
- convenes the Annual General Meeting and prepares the agenda for the Annual General Meeting and the Supervisory Board meetings,
- approves, if necessary, company-wide guidelines on key topics, and
- elects the members of the Audit Committee and those of the Nomination and Compensation Committee, and approves their rules.

In its annual self-assessment, the Board of Directors assesses the conditions of its operation, the method of discussion and decision-making at its meetings, the division of work and co-operation between the Board and the executive management, and the company's internal controls and risk management.

Pursuant to the Finnish Act on Earnings-Related Pension Insurance Companies, electing members to the Board of Directors is the responsibility of the Supervisory Board. The election is prepared by the Election Committee with the aim of ensuring a composition that is necessary for Varma's operation and competitiveness and meets the eligibility criteria as a whole and in terms of each individual member. Members of the Board of Directors of an earnings-related pension insurance company must be of good reputation with expert knowledge of the business. There

must also be a good understanding of investment operations within the Board of Directors as a whole.

The eligibility criteria concerning the members of the Board of Directors are laid down in the Act on Earnings-Related Pension Insurance Companies.

The composition of Varma's Board of Directors is planned for the long term. Efficient work requires sufficient and diverse expertise, competence and experience and sufficient representation of both genders.

The Board of Directors has 12 members and three deputy members. The election procedure is as follows:

- Two members and one deputy member are elected from among the persons put forward by the main employers' central organisations.
- Four members and one deputy member are elected from among the persons put forward by the main employees' central organisations.
- Six further members and one deputy member are also elected.

The terms of four members of the Board of Directors expire each year. The Board will select a chair and two deputy chairs from among its members. There are no members of Varma's Executive Group on the Board of Directors. None of the Board members had an employment relationship with or held a position at Varma in 2022 or in the two years prior to that, nor do any of them receive compensation from Varma for services rendered or other advice not connected with the duties of the Board. Members and the companies under their control do not have equity holdings or equity-based rights in Varma's Group companies. Information on the remuneration paid to the Board of Directors is presented in a separate [statement on remuneration](#) at Varma.

The Board of Directors convened 10 times in 2022, and the average attendance rate of ordinary members was 97.5 per cent. When taking into account deputy members’ attendance, the attendance rate was 100 per cent.

## Composition and duties of the Board of Directors' committees

### Audit Committee

The main tasks of the Audit Committee include the supervision of internal company control, risk management and financial and other reporting, as well as the monitoring of the work and observations of the auditors and the internal audit. The Committee does not have the power to make decisions independently. The Committee reports on its work and observations to the Board of Directors.

In 2022, Ari Kaperi (Chair), Jyri Luomakoski, Teo Ottola and Antti Palola were members of the Audit Committee.

The Committee convened eight times in 2022, and the attendance rate of the members was 96.9 per cent.

### Nomination and Compensation Committee

The Nomination and Compensation Committee prepares Varma's compensation and incentive schemes and the employment terms and conditions of the company management. The proposals of the Committee are submitted to the Board of Directors for decision.

In 2019, the Nomination and Compensation Committee was composed of the Chair of the Board of Directors Jaakko Eskola and Deputy Chairs Antti Palola and Risto Penttinen.

The Committee convened seven times in 2022, and the attendance rate of the members was 100 per cent.

## President and CEO

The CEO takes care of the administration of Varma according to the regulations and instructions of the Board of Directors. The CEO sees to it that the accounts of the company are in compliance with the law and that its financial affairs have been arranged in a reliable manner.

It is the duty of the CEO to promote the interests of the company. The CEO shall manage the company in a professional manner, in accordance with sound and prudent business principles and sound governance principles. The CEO represents Varma in matters that fall within the sphere of tasks laid down in legislation.

Varma's President and CEO is Risto Murto. The CEO is assisted by Varma's Executive Group, which in 2022 had, in addition to the CEO, eight management representatives and two staff representatives as members.

The task of the Executive Group is to steer and develop Varma's operations so that the strategic objectives approved by the company's Board of Directors are met.

Decisions on the salaries and benefits of the CEO and the other members of the Executive Group are made by the Board of Directors. Information on these is presented in a [separate statement on remuneration](#) at Varma.

When deciding on new representation in Boards of Directors or Supervisory Boards of the President and CEO, the decision is made by the Chair of the Board of Directors. The Chair of the Board of Directors decides on an Executive Group member's new representation in the board of directors or super-

visory board of an entity that is not Varma's subsidiary on the CEO's proposal, whereas representation in Varma's subsidiary's board of directors or supervisory board and Varma's representation in the earnings-related pension sector's co-operative bodies is decided by the CEO.

When deciding on representation, the decision-maker assesses:

- whether the representation is, due to possible conflicts of interest, likely to undermine trust in the realisation of the independence requirements of an earnings-related pension company, which are highlighted in legislation,
- whether the representation will have adverse effects on the decision-making of Varma's investment operations,
- whether the representation will have other adverse effects on the person's work tasks at Varma.

The Investment Committee deals with major investment issues that are submitted to the CEO for decision.

The Committee has the CEO and the executives responsible for investment operations as its members. The Committee prepares the investment proposals for the Board of Directors and makes decisions on matters in which it is authorised under the investment plan approved each year by the Board of Directors, and which have not been delegated to a lower level. The Committee also monitors investment risks.

## Internal control and risk management

Varma's Board of Directors decides on the content and organisation of internal company control and on the implementation of the internal control sectors and principles, approves both the joint guidelines for the internal control and the risk-management plan, and decides on compliance operations. Internal control is part of the normal management of the company, good governance and daily operations. The Board of Directors makes an annual assessment of whether the company's internal control is appropriately organised.

Risk management is an element of internal control and involves the identification, measurement, observation, monitoring and reporting of risks arising from and closely connected with the company's business operations. Internal control is a management tool that helps the company to function efficiently, economically and reliably.

The Compliance function is an element of internal control. Its task is to ensure that decrees, official regulations, the decisions of governance bodies, and internal guidelines are complied with. The activities are risk-based and focus on information flow, advising, drawing up instructions and organising training. The Compliance Officer reports directly to the President and CEO.

The President and CEO is in charge of the day-to-day administration of the company according to the instructions and orders given by the Board. The CEO sees to it that the accounts of the company are in compliance with the law and that its financial affairs have been arranged in a reliable manner, and monitors risks in accordance with the principles established in risk management and investment plans, and other plans.

Line managers and other supervisors are responsible for organising internal control, risk management, the compliance function and good governance in their areas of responsibility as part of normal operations. The Chief Financial Officer is responsible for the independent monitoring of investment positions and risks, and for overseeing operative risks. The Financial Administration coordinates the identification and management of operational risks in different functions and draws up a summary of the risk assessments drawn up by the functions. As regards investments, the Financial Administration monitors compliance with the risk limits, authorisations, and allocations. Monitoring ensures that the decisions of the investment organisation and the President and CEO adhere to the framework of the investment plan.

The tasks of the independent investment risk management within the actuarial function include the identification of the risks contained in the investments, measurement of risk levels and reporting on these.

The company's actuary must prepare a statement for the company's Board of Directors on the requirements posed by the nature of technical provisions on Varma's investment operations and risk management. The actuary must also provide a written statement on whether the investment plan meets the aforementioned requirements.

### Insider administration

Varma follows insider guidelines approved by the Board of Directors. The purpose of the guidelines is to promote the public reliability of the company's investment operations and ensure personnel's knowledge of insider regulations, so that they are not unintentionally violated. Varma has, pursuant

to the Act on Earnings-Related Pension Insurance Companies, a public insider register in place. Varma also maintains a non-public insider register in order to improve the management of insider information and monitoring of the personnel's trading.

Varma's legal affairs upholds the insider registers and is in charge of training and consultation on insider matters, as well as for monitoring insiders' trading. The public insider register can be accessed through Euroclear Finland's NetSire service. The Compliance Officer monitors compliance with legislation and guidelines in insider matters.

### Related party transactions

Varma's related parties include the members of the Supervisory Board and the Board of Directors, the President and CEO, members of the Executive Group, auditors, and the spouses and wards, and companies under the control of the aforementioned persons.

Transactions carried out with the related parties are handled in accordance with the related party guidelines such that Varma's Board of Directors decides on major business transactions in cases which involve a related party. Related party transactions are reported on Varma's website. There were no related party transactions during the 2022 calendar year.

### Internal audit

Varma's internal audit operates in accordance with the principles laid down in the professional internal auditing standards. It comprises independent and objective assessment, assurance and consulting activities whose purpose is to support the organisation in achieving its goals by producing assessments and development proposals concerning the status

of risk management and other internal controls.

The organisational status, tasks, responsibilities and powers of the internal audit are laid down in the instructions approved by the Board of Directors. The areas to be audited are set out in an annual audit plan, which is approved by the Board of Directors after it has been discussed by the Executive Group and the Audit Committee. The audit observations are reported to the company management, the Audit Committee and the Board of Directors.

The internal audit is administratively subordinate to the CEO.

### Main features of the internal control and risk management systems connected with the financial reporting process

Varma's financial reporting is governed by the Act on Earnings-Related Pension Insurance Companies, the Insurance Companies Act, the Limited Liability Companies Act, the Act on the Calculation of the Pension Provider's Solvency Border and the Diversification of Investments, the Accounting Act, the Ministry of Social Affairs and Health's decree on the financial statements and consolidated financial statements of insurance companies, the Accounting Decree, the technical bases approved by the Ministry of Social Affairs and Health and the regulations issued by the Financial Supervisory Authority.

Operational risks connected with Varma's financial reporting are charted on a regular basis. The potential impacts and likelihood of identified risks are assessed on a risk-specific basis.

The contents of the financial reporting presented to the Board of Directors are laid down in the

Board of Directors' charter. All financial reporting to the Board of Directors, company management and the authorities is carried out by Varma's Financial Administration independently of the function to be reported on. The company's result and solvency position are calculated daily.

The Board of Directors receives regular reports on, among other things, the total result, the balance sheet and the income statement at fair value, sales result, solvency position, details of investments classified according to risk, investment returns, derivative and foreign currency positions, and risk concentrations. Financial Administration also provides reports on the monitoring of risk limits laid down in the investment plan and on the use of authorisations, and carries out controls on the valuation of investments. In addition to the above, Investment Operations also submits reports on its activities to the Board of Directors.

Adherence to authorisations and allocation, and investment assignments are monitored on a daily basis.

The actuarial function sees to it that the insurance contributions and the technical provisions are calculated in accordance with legislation and the technical bases, and according to the regulations issued by the Ministry of Social Affairs and Health and the Financial Supervisory Authority.

The division of responsibility between earnings-related pension companies is handled via the Finnish Centre for Pensions each year.

In addition to the information required under the provisions, Varma also reports on its financial performance on a quarterly basis. In order to increase transparency, Varma publishes its balance sheet and income statement at fair value and its invest-

ments and their returns, grouped in accordance with risks.

From the point of view of Varma's financial reporting, the most important elements are the valuation of the investments, the investment return at fair value, the interest credited on technical provisions, and the company's solvency capital in relation to the solvency limit, which in turn is determined on the basis of the risks involved in each investment (solvency classification). The risk-bearing capacity of the investment operations is determined on the basis of the solvency indicators.

The tasks of the investment risk management within the actuarial function, which is independent of the risk-taking operations, include the identification of the risks contained in the investments, measurement of risk levels and reporting.

As regards the calculation of the solvency limit, the Board of Directors decides on the criteria concerning how the risks of indirect investments are taken into account, the criteria for using derivative contracts, the criteria for applying other essential investment risks, i.e. the risk category 18, in accordance with the guidelines on solvency calculation, and the criteria for calculating the duration of investments exposed to interest and credit margin risk. The Board monitors the up-to-dateness and application of the principles.

The company has drawn up detailed work descriptions and instructions for financial reporting. The reliability of financial reporting is supported by the principle that the company's business accounting is always periodised and kept up to date at fair value and that the figures contained in it match the investment category ledger systems used as ledgers and the data warehouse used in reporting.

Calculations of the technical provisions are made each year. The calculations of the technical provisions during the year are made using pension-insurance register information and insurance technique analyses. Insurance risks are analysed using, for example, a risk assumption analysis (mortality, disability intensity), financial statements and business result analyses (insurance technique, distribution of responsibility) and, for example, when compiling statistics on contribution losses and disability pension expenditure.

## Auditing

In accordance with Varma's Articles of Association, the General Meeting elects an Auditor and, unless the Auditor is an audit company, a Deputy Auditor.

In accordance with Varma's Articles of Association, the 2022 General Meeting elected one Auditor, which is an audit company, for the Company.

The Auditors' term ends at the end of the next Annual General Meeting following their election.

Under the legislation in force concerning auditing, the Auditors' duty is to audit Varma's accounting records, Financial Statements, Consolidated Financial Statements and governance. Auditing shall be carried out in accordance with good auditing practice.

The Auditor reports on its work, observations and conclusions in the Auditors' Report addressed to the Annual General Meeting. In addition to this, the Auditor reports on its observations concerning internal control, financial reporting and other auditing measures to the Board of Directors' Audit Committee, to the Board of Directors, to the Supervisory Board, to executive management and to the supervisory authority.

The Auditor provides the Board of Directors annually with written confirmation of its independence, required under the legislation in force.

The Company's Board of Directors assesses the independence of the Auditor each year.

In accordance with the decision made by the Annual General Meeting on 15 March 2022, Ernst & Young Oy, with Authorised Public Accountant Antti Suominen as chief auditor, served as Varma's Auditor during the financial year 2022.

Remuneration paid to the Auditor for statutory auditing in 2022 amounted to EUR 268,702. Remuneration paid to Ernst & Young Oy for expert services other than those related to auditing totalled EUR 40,311 in 2022.

# Statement on remuneration at Varma

This statement describes Varma’s valid remuneration principles and, as part of it, the remuneration policy for the CEO, other executives and personnel. This statement can also be viewed on Varma’s website, and it is based on the situation on 31 December 2022.

The statement is based on the Finnish Act on Earnings-Related Pension Insurance Companies and the Financial Supervisory Authority’s guidelines on the basis of the act. Varma also complies with the provisions of the Finnish Corporate Governance Code as applicable to earnings-related pension insurance companies. These provisions which are legally binding on listed companies serve as recommendations for earnings-related pension companies.

## 1 Remuneration principles

The starting point for remuneration is Varma’s purpose as a provider of statutory earnings-related pension insurance and manager of pension assets as part of social security, securing the benefits of those insured with Varma, Varma’s long-term interests and the achievement of strategic targets.

- The main principles steering remuneration are:
1. All remuneration is based on performance, equality and competitiveness.
  2. The aim is to reward for concrete results in terms of implementing the company’s strategy and achieving targets.

3. Remuneration takes into account excellent performance and encourages behaviour that is in accordance with Varma’s values.
4. The goals and rewards in the remuneration schemes are in balance with long-term value creation and the achievement of short-term targets, and in harmony with risk management.
5. Remuneration within the company is competitive in the relevant markets.
6. Through remuneration, the goal is to ensure that Varma as an employer attracts skilled and motivated experts.
7. These remuneration principles apply equally to all Varma employees, including executive management.

## 2 Decision-making process

The Board of Directors approves Varma’s remuneration principles and, as part of it, the remuneration policy, and follows and monitors its implementation on the basis of preparatory work carried out by the Nomination and Compensation Committee.

Decision making concerning the company’s remuneration follows principles that aim to ensure the prevention and control of conflicts of interest.

The basic principle is that the executive body that elects a given executive body also decides on the remuneration of the executive body in question. The purpose of this principle is to ensure fair and equal decisions. When determining remuneration,

## 3 Description of remuneration of the Supervisory Board and Board of Directors

### Supervisory Board

The Annual General Meeting decides on the remuneration of the Supervisory Board on the basis of the Election Committee's preparation. The remuneration consists of an annual remuneration and meeting fees. The chair and vice chairs of the Supervisory Board are paid a higher annual remuneration than members.

Meeting fees are paid for the meetings of Supervisory Board, Election committee and the Supervisory Board's supervisory function.

Members of the Supervisory Board are insured under Section 8 of the Employees Pensions Act TyEL, and a TyEL contribution is paid on the meeting fee. Compensation for travel and accommodation costs and daily allowance are paid in the maximum amounts specified in the guidelines approved by the Tax Administration.

### Board of Directors

The Supervisory Board decides on the remuneration of the Board of Directors on the basis of the Election Committee's preparation. The remuneration consists of an annual remuneration and meeting fees. The chair and vice chairs of the Board of Directors and the chair of the Audit Committee are paid a higher annual remuneration than members. The deputy members of the Board of Directors receive a lower annual remuneration than members. Meeting fees are paid for the meetings of the Board of Directors and the Board of Directors' committees, for the separate meetings of the presiding officers, and for the meetings of the Election Committee and the Supervisory Board's supervisory function.

Members of the Board of Directors are insured under Section 8 of the Employees Pensions Act TyEL, and a TyEL contribution is paid on the meeting fee. Compensation for travel and accommodation costs and daily allowance are paid in the maximum amounts specified in the Tax Administration guidelines.

4 Remuneration policy

4.1 Remuneration of the President and CEO

- The Board of Directors appoints the President and CEO and decides on their remuneration and the terms of their executive employment contract.
- At Varma, the starting point for the President and CEO’s remuneration is that the remuneration be aligned with the interests of the CEO and of the company.
- Varma employs different remuneration components to attract, motivate and engage to the task a person who has excellent knowledge of the earnings-related pension insurance business, investment activities and business management, as required by legislation.
- The remuneration level correlates with the level of performance, which promotes sustainable financial performance and focus on Varma’s

targets and the implementation of its strategy.

- The structure and level of the remuneration must be in line with the sector’s reference values, and the remuneration must be competitive. A substantial part of the remuneration is based on performance. In order to assess the level of the CEO’s overall remuneration, the Nomination and Compensation Committee compares it with the remuneration level of corresponding operators in the financial and employment pension sectors. The reference salaries are for informational purposes, and the salary is not directly determined on the basis of them. Other factors taken into account include the person’s responsibilities and experience, personal performance and Varma’s financial performance.
- The President and CEO has a period of notice of six months, in addition to which he is entitled to severance pay equal to six months’ salary.

4.2 Remuneration of Executive Group members

- The Board of Directors decides on the remuneration and other terms of employment of the members of Varma’s Executive Group.
- At Varma, the starting point for the remuneration of the Executive Group is that the remuneration must be aligned with the interests of the Executive Group members and the company.
- Varma employs different remuneration components to attract, motivate and engage to the task a person who has the required skills, abilities and competence.
- The remuneration level correlates with the level of performance, which promotes sustainable financial performance and focus on Varma’s

targets and the implementation of its strategy.

- The structure and level of the remuneration must be in line with the sector’s reference values, and the remuneration must be competitive. A substantial part of the remuneration is based on performance.
- In order to assess the level of the Executive Group members’ overall remuneration, the Nomination and Compensation Committee compares it with the remuneration level of corresponding Finnish operators. The reference salaries are for informational purposes, and the salary is not directly determined on the basis of them. Other factors taken into account include the person’s responsibilities and experience, personal performance and Varma’s financial performance.

Supplementary pension	<ul style="list-style-type: none"><li>• Defined-contribution supplementary pension for those employed before 2019.</li></ul>

4.3 Personnel’s remuneration

At Varma, job grading and personal performance are used as the basis for determining the remuneration level of all personnel, including executive management. Job grades are based on the requirements and responsibilities of the role, which enables a consistent and competitive salary level to be specified both internally and in relation to external markets.

In addition to the job requirements, salaries and their development are influenced by personal performance, as well as labour legislation and the collective bargaining agreement for the insurance sector.

The principles and implementation of personnel’s salaries and remuneration are described in more detail in the separate remuneration policy.

4.4 Varma's remuneration schemes in 2022

Varma has three performance-based remuneration schemes in use:

- remuneration scheme for key persons
- remuneration scheme for Investment Operations
- remuneration scheme for personnel.

Each Varma employee is included in one of the three remuneration schemes, i.e. all employees are covered by performance-based remuneration.

The remuneration scheme for Investment Operations was renewed for 2022, and the renewed remuneration scheme for personnel will be adopted for 2023.

Key principles of the remuneration schemes:

- For all remuneration schemes, the targets and indicators are based on the company’s strategy-based financial performance and its supporting measures.

- The remuneration schemes support Varma’s long-term objectives, which include solvency development and operating cost efficiency.
- The indicators reflect especially the efficient implementation of the pension system, solvency and sustainability of operations as part of the implementation of social security.
- The remuneration schemes are planned to prevent unhealthy risk-taking. The schemes have pre-defined maximum amounts of remuneration. The Board of Directors has the right to discontinue the schemes before the end of the period if the company’s economic position is jeopardised.
- The key components of the remuneration indicators are the same for the schemes for both personnel and key persons.
- The extent to which the objectives set for the schemes are achieved linearly determines how large a part of the maximum sum is realised and paid.
- Performance-based remuneration in relation to overall remuneration is determined on the basis of the role of each Varma employee. As the role’s responsibilities and direct impact on financial performance increase, the proportion of performance-based remuneration and maximum remuneration increase.
- The Board of Directors decides on the payment of performance pay annually after the end of the remuneration period. Decisions on remuneration are made according to the ‘one-over-one’ principle.
- Compliance with the norms regulating the activities is also considered when making remuneration decisions. Performance-based remuneration is not paid, or it may be recovered as an unjustified benefit, if it is discovered that the person in question has behaved contrary to Varma’s internal guidelines or ethical principles, legislation or official regulations or guidelines.

5.3 Remuneration and other benefits of the President and CEO

President and CEO Risto Murto’s remuneration and fringe benefits in 2022 amounted to EUR 580,916.53, his performance pay for 2021 was EUR 269,400, and his deferred performance pay for 2019 was EUR 72,860, amounting to a total taxable income of EUR 923,176.53.

Under the remuneration scheme for key persons, Murto’s maximum performance pay corresponds to 12 months’ salary and the phone benefit. Seven months of the remuneration are tied to the targets of the key persons’ scheme, and five months to the targets of the Investment Operations’ scheme. The schemes for key persons and Investment Operations are described above in section 4.4.

President and CEO Risto Murto’s fixed monthly salary is EUR 45,777.60 (€44,880/month until 30 June 2022). The President and CEO does not have a company flat. The value of his company car benefit is EUR 955/month. The value of his mobile phone benefit was EUR 20/month, and the value of his lunch benefit was EUR 150.15/month. The tax value of his health insurance was EUR 59.26/month.

The tax values of the car benefit and health insurance are included in the fixed monthly salary. In 2019, President and CEO Murto’s retirement age was raised from 63 to 65 in connection with the pension reform.

Murto is included in the Executive Group’s defined-contribution supplementary pension arrangement. Murto’s supplementary pension contributions amounted to EUR 161,568 in 2022.
